Also in terms of synergies with local institutions and authorities, great steps forward have been made, as demonstrated by the visit to the school of the First Lady of Leh, Neelam Mishara, on August 22:

Again on the initiative of the Ladakhi Committee, this year the director Tashi Dawa has made a **documentary** that traces the history of Munsel School, illustrates its activities and presents projects for the future.

The twenty-minute video was screened for the first time at the Palazzo dei Congressi in Muralto: we would like to thank once again the Municipality of Muralto, and in particular the secretary Werther Monti with all his collaborators, for the availability and kindness shown towards us. And we also thank all the participants who crowded the room and took part with enthusiasm and generosity in the meeting organized by Flavia Mercoli & Giorgio Bernhard on their journey, during the evening animated with politeness and sensitivity by the RSI journalist Marcello Fusetti.

The video “*Hope of resilience, the Munsel's story*”

which at its premiere aroused much applause and great emotions among the audience will be shown again **on November 29th in the Gambarogno**: mark the date now and spread the word!
The program will be defined in the coming weeks.

We remind you that you can find the updated calendar of events, information and flash news on the site:

Waiting to see you again, perhaps at one of our next meetings, we thank you from the bottom of our hearts for continuing to follow our projects and for your friendship.

Julay!
